

Greetings all!

Where has the summer gone? It seems like just yesterday we were all complaining about winter and would the rain and snow ever end...now it is so hot and smoky out it hardly seems fair to think about going out and working our dogs!

We had a great time in July up at Henry's Lake with Debbie Empey on her beautiful ranch. Thanks so much Deb for your gracious hospitality – a fun time was had by all. Hopefully it was not too much work for you, we so appreciate all that you do!!!

Several of our club members went over to Sublette County Fair trial and I hear that the turn out for that trial was great, the courses were fun, the sheep challenging, and that everyone had a good time. There are several good trials coming up in September, not to mention our Patrick Shannahan Clinic at the Pratt Ranch, so let's make sure to make the best use of this last hurrah of good weather for the summer/fall season, and get together before the snow flies again. (Gasp).

I really look forward to seeing all of you soon, and as always...thanks for making this club so great!
